### Day 1 : Nuuk

Home to more than a third of Greenlanders, the capital of Greenland has a thriving cultural scene including the Greenland National Museum, home to the world-renowned Qilakitsoq mummies. Also known by its Danish name of Godthåb (Good Hope), Nuuk's bustling harbour features Nuuk Cathedral and colourful wooden houses, alongside modern architecture. Nuuk also serves as a gateway to Inuit experiences and adventures in the surrounding fjords and mountains.

### Day2: Evigheds Glacier

The Evigheds Glacier, a majestic outflow from the Greenland Ice Sheet, carves through the dramatic Kangerlussuaq Fjord, also known as Eternity Fjord. This 75-km-long waterway is a haven for wildlife, with white-tailed eagles and black-legged kittiwakes soaring above. Calving icebergs showcase Greenland's raw beauty, but sadly like many glaciers, it is slowly retreating due to global warming's impact on this fragile Arctic ecosystem.

### Day3: Qeqertarsuaq

Qeqertarsuaq is the largest town on Disko Island, Greenland's largest island, where colourful houses pop against dramatic red basalt mountains. Overlooked by striking Lyngemark Glacier, the area is shaped by its volcanic origin, unique terrain featuring dramatic basalt columns, rolling hills black sand beaches. Thanks to its relatively fertile landscape, it supports unique plant species, such as wild angelica, rarely found elsewhere in Greenland.

### Day4: Uummannaq

The word Uummannaq means 'heart-shaped' in Greenlandic and refers to the twin-peaked granite mountain shaped like a heart, which covers nearly the whole northern half of the island. Folklore has it that a piece of your heart remains on the island forever, calling you back. Sheltered by glaciated mountains, this charming fjord region is referred to as the sunniest spot in Greenland and has been a refuge for Inuit migrations for over 4,500 years.

### Day 5 : Eqip Sermia Glacier

Eqi Glacier, or Eqip Sermia in Greenlandic, is one of Greenland's largest and most active calving glaciers, spanning nearly 4 km wide and towering over 200 m. Visitors can almost always witness calving, where pieces of ice break off the glacier's face, creating deafening bangs and giant splashes that send waves across the bay. The contrast between thunderous calving and the ensuing silence provides a glimpse of Greenland's dynamic icy landscape.

### Day 5 – Day 6 : Ilulissat, Disko Bay

Sailing through the iceberg capital of the world to Disko Bay, the Ilulissat Icefjord is one of the cruise highlights. Given UNESCO World Heritage Site status, the Ilulissat Icefjord is a popular tourist destination, and thanks to the productive Sermeq Kujalleq glacier, thousands of gargantuan icebergs calve from the Greenland ice cap into the sea. The city of Ilulissat is home to many sled-dogs.

### Day 7 : Sisimiut

The northernmost city in Greenland, just above the Arctic Circle, Sisimiut remains remarkably ice free in winter and is known as an adventure sports hub all year round. Inhabited for more than 4,500 years by the Dorset, Thule and eventually the Inuit people, dog sledding remains a vital form of transportation. The area is home to humpback whales and Arctic foxes in their summer coat.

### Day 8 : Nuuk

Home to more than a third of Greenlanders, the capital of Greenland has a thriving cultural scene including the Greenland National Museum, home to the world-renowned Qilakitsoq mummies. Also known by its Danish name of Godthåb (Good Hope), Nuuk's bustling harbour features Nuuk Cathedral and colourful wooden houses, alongside modern architecture. Nuuk also serves as a gateway to Inuit experiences and adventures in the surrounding fjords and mountains.
